

All data changes submitted via txConnect must be reviewed by an administrator before the student's record is updated. See the [TxEIS Registration: Approve Student Registration & Data Changes and Monitor Forms](#) guide.

- For a dynamic form, each request is approved or rejected individually. For example, if you update your phone and address, the campus may approve the phone number change, but may require proof of residence before an address change is approved.
- For a standard form, the form is accepted or rejected as a whole.

If campus staff rejects a submitted change, you will be notified by email. The email message should inform you why a particular change was rejected and what to do. Contact the student's campus for more information.
