## **txConnect Login > Need Documents**

If the district or campus has provided public documents or calendars, this page allows you to access the documents without logging on to txConnect. The link is only displayed if the district or campus has provided at least one document.

### **Calendars**

- District calendars are listed first in a numbered list.
- If there are campus-level calendars, you must first select a campus. Then the campus-level calendars are displayed in a numbered list.

For each calendar, an icon indicates the type of file (e.g., Microsoft Word or PDF).

Click the calendar name to open the calendar. It will automatically open in the appropriate program.

Save or print each calendar as needed.

### **Enrollment Documents**

**These forms are not needed if your district offers online student enrollment.**

If your student has not previously enrolled in the district, you can download enrollment forms that you can print out, complete by hand, and take to the district or campus office in order to enroll your student.

Any forms provided by the district are displayed in a numbered list.

For each form, an icon indicates the type of file (e.g., Microsoft Word, Microsoft Excel, and PDF). If additional instructions for the specific form have been provided by the district, they are displayed below the form name.

Click the form name to open the form. It will automatically open in the appropriate program.

You can print the forms, complete them by hand, and take them to the district or campus office to enroll your student.
